

**Crestar Financial Corporation;
Acquisition of Company Engaged in
Permissible Nonbanking Activities**

The organization listed in this notice has applied under § 225.23(a)(2) or (f) of the Board's Regulation Y (12 CFR 225.23(a)(2) or (f)) for the Board's approval under section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(c)(8)) and § 225.21(a) of Regulation Y (12 CFR 225.21(a)) to acquire or control voting securities or assets of a company engaged in a nonbanking activity that is listed in § 225.25 of Regulation Y as closely related to banking and permissible for bank holding companies. Unless otherwise noted, such activities will be conducted throughout the United States.

The application is available for immediate inspection at the Federal Reserve Bank indicated. Once the application has been accepted for processing, it will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the question whether consummation of the proposal can "reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices." Any request for a hearing on this question must be accompanied by a statement of the reasons a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal.

Comments regarding the application must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than September 7, 1995.

Agency for Health Care Policy and Research**Public Meeting on the Development of Chronic Pain: Headache; Clinical Practice Guideline**

The Agency for Health Care Policy and Research (AHCPR) announces a public meeting to receive comments and information pertaining to the development of the AHCPR-sponsored clinical practice guideline on Chronic Pain: Headache. The guideline is being developed for AHCPR by Duke University (Durham, North Carolina) with the assistance of a panel of health care experts and consumers.

A notice announcing that AHCPR was arranging for the development of this clinical practice guideline was published in the **Federal Register** on December 27, 1993 (Vol. 58, No. 246). That notice invited nominations for experts and consumers to serve on the panel that is developing the guideline.

A public meeting to provide an opportunity for interested parties to contribute relevant information and comments, including research findings in areas relevant to the guideline, will be held as follows:

Meeting: Chronic Pain: Headache.

Date: October 31, 1995.

From: 9:00 a.m.—12:00 p.m.

Location: Doubletree Hotel, 300 Army Navy Drive, Arlington, VA 22202-9903.

Phone: (703) 416-4100.

Fax: (703) 416-4126.

Background

The AHCPR is charged, under Title IX of the Public Health Service (PHS) Act,

with enhancing the quality, appropriateness, and effectiveness of health care services, and access to such services. The AHCPR accomplishes its goals through the establishment of a broad base of scientific research, and through the promotion of improvements in clinical practice and in the organization, financing, and delivery of health care services. (See 42 U.S.C. 299c-6 and 1320-12.)

In keeping with its legislative mandates, AHCPR arranges for the development, periodic review, and update of clinically relevant guidelines that may be used by physicians, nurses, other health care providers, educators, and consumers to assist in determining how diseases, disorders, and other health care conditions can most effectively and appropriately be prevented, diagnosed, treated, and clinically managed. Medical review criteria, standards of quality, and performance measures are then developed based on the guidelines produced.

Section 912 of the Act (42 U.S.C. 299b-1(b)), as amended, requires that the guidelines:

1. Be based on the best available research and professional judgment;
2. Be presented in formats appropriate for use by physicians, nurses, other health care providers, medical educators, medical review organizations, and consumers;
3. Be presented in treatment-specific or condition-specific forms appropriate for use in clinical practice, education programs, and reviewing quality and appropriateness of medical care;
4. Include information on the risks and benefits of alternative strategies for prevention, diagnosis, treatment, and management of the particular health condition(s); and
5. Include information on the costs of alternative strategies for prevention, diagnosis, treatment, and management of the particular health condition(s), where cost information is available and reliable.

Section 914 of the Act (42 U.S.C. 299b-3(a)), as amended, identifies factors to be considered in establishing

priorities for guidelines, including the extent to which the guidelines would:

1. Improve methods for disease prevention;
2. Improve methods of diagnosis, treatment, and clinical management, and thereby benefit a significant number of individuals;
3. Reduce clinically significant variations among clinicians in the particular services and procedures utilized in making diagnoses and providing treatment; and
4. Reduce clinically significant variations in the outcomes of health care services and procedures.

Also, in accordance with Title IX of the PHS Act and section 1142 of the Social Security Act, the AHCPR Administrator is to assure that the needs and priorities of the Medicare program are reflected appropriately in the agenda and priorities for development of guidelines and guideline updates.

Arrangements for the October 31, 1995 Public Meeting on Chronic Pain: Headache

Representatives of organizations and other individuals are invited to provide relevant written comments and information, and make a brief (5 minutes or less) oral statement to the panel. Individuals and representatives who would like to attend must register with Ms. Becky Gray, Duke University, at the address set out below by October 10, 1995, and indicate whether they plan to make an oral statement. A written copy of the oral statement, comments, and information should be submitted to Ms. Gray by October 10, 1995. If more requests to make oral statements are received than can be accommodated between 9:00 a.m. and 12:00 p.m. on October 31, 1995, the chairperson will allocate speaking time in a manner that ensures, to the extent possible, that a range of views of health care professionals, consumers, and pharmaceutical and product manufacturers are presented. Those who cannot be granted their requested speaking time because of time constraints are assured that their written comments will be considered when
